has successfully completed the online Professional Certificate

CertNexus Certified Ethical Emerging Technologist

In this Specialization learners developed a cross-industry and multidisciplinary foundation in applied technology ethics. The specialization focused on the skills necessary to lead with ethical integrity in any organization focused on the development, maintenance, and governance of data-driven technologies. The certificate of specialization completion is not equivalent to the industry certification of Certified Ethical Emerging Technologist (CET-110). Learners wishing to obtain an industry certification must sit for and successfully pass the CET-110 exam.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
